## READY FOR USE

## FISH AND POULTRY IN BIG DEMAND.

Utah corn was on the market yesterday for the first time this season. The dealers found ready buyers at 30 cents a dozen. The crop is in first-class condition this year and practically free from worms. The supply was limited and the stock was almost closed out when the stores closed last night. The first green corn came from Davis county and the dealers expect a regular supply three times a week. Raspberries, blackberries and currants were again scarce yesterday. The crop is about gone and only a few cases came in. Cherries are on their last legs, and the variety is small. ## TRADE DEFIES HOT WEATHER

Tourist Travel and Resort Business Continue Heavy.

## GREATER BANK CLEARINGS

SUGAR STOCKS HOLD BOARDS IN LOCAL FIELD.

The unprecedented heat of the past week had a paralyzing effect on business in practically all lines, but more especially those lines into which speculation enters as a factor. Business men as a rule seemed devoid of ambition and held their activity down to the minimum, waiting for relief to come before branching out into new fields or putting forth the effort necessary to command business.

The heat was the only drawback, and the volume of business for the week shows up well in spite of this. Tourist travel is unusually heavy. This accounts in part for the heavy business at the resorts and the demand for goods in several lines, especially summer clothing and the lighter dry goods.

The fact that bank clearings are showing an increase right along over the clearings of a year ago is a cause of surprise in many quarters. It is the highest possible testimonial to the stability of local trade conditions. The showing is made in all real estate. Speculation is practically eliminated from the market, so that the heavy increase in bank clearings must be accounted for by an increased volume of business of a stable basis.

City Plays Important Part.

The great activity in public works is having a good influence on business in general. The city of Salt Lake is building laid this year than were ever laid before in the entire history of the city from the beginning down. Street paving, sewers and water mains are also established a new record. Money that would otherwise be dormant is kept in circulation, to the advantage of all classes of citizens.

The determination of the Idaho Sugar company to sell \$500,000 worth of treasury stock to secure funds with which to purchase the Blackfoot factory was the most important movement in the financial world of Salt Lake. This attracted the attention of investors to the local dividend stock market, especially the sugar, with the result that many sales were made, accompanied by a stiffening of prices all along the line.

CARRIE'S PICTURE RUINED.

Topoka, Kan., July 28.—A crayon drawing on canvas, almost life size, of Carrie Nation, was discovered in the state historical room today in ruins. The act had evidently been committed during the night. The glass and frame were smashed into bits and the canvas slashed so that beyond recognition. There is not the slightest trace as to who did the work.

WILL NOT RESIGN.

## USED SPIRITUALISM TO GET THE PROPERTY

Bellingham, Wash., July 28.—A sensation was created here today when letters were opened in court, alleged to have been written by Hugh Eldredge, prominent politician, office-holder and son of the late pioneer, Edward Eldredge, addressed to spiritualist mediums in San Francisco and invoking their aid in influencing the late Erastus Bartlett, of Oakland, to transfer a deed of valuable property in this city to Eldredge and his mother. The letters were introduced by the prosecution in a suit brought by the Bartlett heirs against Eldredge, charging fraud and employing mediums to take advantage of Bartlett's belief in spiritualism. The correspondence attributed to Eldredge gives directions as to how to play upon Bartlett's friendship for the late Edward Eldredge, father of the alleged writer, whose wish to have the property retained by Mrs. Teresa Eldredge, the medium was supposed to transmit from the spirit of the dead, Bartlett and Eldredge, sr., were close associates in business during early days.

## ROSS WINANS' PRINCE ARRIVES ON VISIT

New York, July 28.—The Prince and Princess Henry, Gallard de Bearn et de Chalais arrived here today on the steamer Le Touraine. The prince is secretary of the French embassy to Russia and the princess was Miss Beatrice Winans, daughter of Ross Winans of Baltimore. This is the first visit made by the prince to her native land since her marriage, which was preceded by a series of sensational incidents growing out of a dispute as to the validity of the prince's title. The engagement of the prince to Miss Winans had been announced, but just before the time set for the marriage in June of this year, the prince de Bearn

net de Chalais was almost drawn into a duel with the prince de Sagan. The latter objected to the use at the wedding of the second half of the prince de Bearn's title, claiming that this title belonged to himself. The wedding was a very quiet affair, held on June 21, and the threats were dropped. The former Miss Winans, however, never uses the title Princess de Chalais. Harmony Male Quartette, Hallie Foster, contralto; Rennie Pedersen, soprano; Arthur Pedersen, violin virtuoso, at Laguna, Sunday, July 30, Programme 4 and 7 p. m. Purdy to succeed him was announced today by Attorney General William H. Moody, who was in this city on his return from a vacation in Maine. Mr. Day resigns to become comptroller of the Equitable Life Assurance society of New York, to which position he was elected by the Equitable directors last Wednesday. He had been in the Cleveland administration.

## TEMPTATION SHOE SALE

News Item from SHOE RETAILER, Boston, Mass.

THE DAVIS SHOE CO. of Salt Lake City, composed of Benjamin Davis, president, and Aaron Lewis, secretary and treasurer, who a short time ago opened a new store on the corner of Kamek and Washington streets for the sale of the Davis shoes, has sold their lease and will remove their stock to Salt Lake City, where they operate a large and flourishing store. Messrs. Davis and Lewis spared no pains to have this department modern in every way, and their store was one of the best lighted and most conveniently equipped in the city. Upon acquisition of the lease of this store, immediate offers were forthcoming for the sale thereof, but owing to the fact that the new Washington street subway was to affect the entrances, matters remained at a standstill until it was decided by the subway commission that the frontage of this store would remain undisturbed. Then, under the influence of offers of a large bonus the sale of the lease was effected, thereby netting the owners a goodly sum.

Mr. Lewis has no new location in view at present, but will transfer the stock to the Salt Lake City store, and after finishing up the buying of fall goods for that store, will return to the West. The assistant manager of the Boston store, F. E. Chadwick, will enter the employ of the firm of H. A. Smith, on One Hundred and Twenty-fifth street, New York, as soon as the stock is removed. Communications for the Boston store will be received at the Salt Lake office.

In a later issue we shall show the interior arrangement of this store, which we feel sure will present some novel ideas as regards store equipment.
